Allied Waste Services Deviations from Specs	<p>*Flat rate provided is for up to 6 tons of waste. Any loads exceeding 6 tons will be billed an additional \$25/ton. As an alternative to a flat rate, the county may choose a haul plus disposal option for billing. Under this option the haul rate would be \$253/haul fixed plus disposal at \$25/ton to the FW Southeast landfill. It is our opinion that because of the nature of the material typically going into the rolloff trash containers used by the county that this option presents the most savings.</p> <p>** Rebates will be paid by commodity at the current low OBM (Old Board Market) pricing less \$45/ton for processing. Example: 30 yards of loose cardboard at estimated 1.04 tons which sells for \$105/ton would pay the County approximately \$60 in rebate.</p>
